PRICE LIST

1947-48

HARDY PLANTS

Hobbs Road at Estes Avenue  
NASHVILLE 5, TENNESSEE

This price list cancels all previous lists or quotations. It is best used in connection with our descriptive catalogue. If you have misplaced your copy, another will be mailed you on request.

We have only one price which is for plants only and does not include planting. If planting is desired, charges will be made for the time and materials necessary to complete the work.

**Terms of Sale**—Our terms are net cash unless arrangements have been made for credit. All accounts are due on the first of month following date of purchase.

**Shipping**—Orders to be shipped should be accompanied by check, money order, or draft, except C.O.D. orders, which should be accompanied by remittance for 25% of total amount of the order.

**Delivery**—No charge is made for local deliveries but on all shipments the purchaser is expected to pay the carrying charges. Unless specific directions are given for way of shipment we reserve the right to use our discretion. On small shipments by parcel post 10% should be added to order to cover mailing charges.

The prices shown herein are for standard sizes and grades of stock. Proper pruning and transplanting produces many plants that are heavier and nicer than standard grades. Prices for these will be in proportion to their value.

Selected plants tagged in the nursery will be charged for according to value regardless of the prices listed herein.

**Guarantee**—We guarantee all of our stock to be true to name and to be clean, healthy, transplanted stock. Our stock has been certified by State employed inspectors to be "apparently free of injurious insects and diseases."

All stock (except Bulbs, Roses and Perennial flowers), if planted by us and paid for promptly, is guaranteed to start to grow during the growing season immediately following the planting thereof. Stock which dies during the first growing season will be replaced for one-half of the original price plus planting cost, if there is no evidence of neglect, and provided the variety is available. If variety is not available, credit will be given on other plants of the purchaser's selection.

**No Refunds Will Be made.**

**Free Advice**—No charge for consultation at the nursery. While it has been necessary for us to curtail the making of landscape plans, we shall be glad to offer suggestions at the nursery. Advice on the client's premises will be given only as our time permits.

NOW WE CAN SEE  
OUT OF THE WINDOWS

Has the foundation planting of your home grown so tall as to shut out the light and view? This year many home owners are modernizing their landscape plantings. New varieties of low, slower growing, rich-foliaged evergreens and shrubs are replacing the overgrown specimens. Ask us to show you how the new "Landscape Modernization Plan" applies to your home planting.

Whenever possible, plant your new plants; you will enjoy seeing them grow and be much more pleased with the results.

## PERENNIALS FOR PERMANENCE

This list contains those perennials which grow satisfactorily in this section. Other varieties are sometimes available.

Special lists of some varieties follow this list.

The prices of all perennials, unless otherwise indicated, are 3 for \$1.35 and \$5.00 per dozen.

\*Denotes varieties suitable for rock garden.

- |                                 |                                     |
